1. I want my son Robert A. Gettinger as my conservator.
 2. I trust my son Robert A. Gettinger
 3. I want to make a will.
 4. Sylvia continues to not give me my personal mail, Weekly German Newspaper and court documents.
 5. Sometimes a month goes by without a visit by Sylvia.
 6. I demand my savings be in blocked (accounts) accounts. I do not trust Sylvia even with a bond.
 7. Why did Sylvia not tell the court about Robert when he contacted her Febr. 2007?
 8. Sylvia lied about not knowing Robert's address or phone number?
 9. Stress, anxiety and confusion I have is caused by Sylvia and Gary Schmidt NOT my son Robert.
- Sylvia is not in my will and I do not want to leave her anything. I would never agree to have Sylvia as my conservator. Sylvia does not want me to have a Will because she knows I will leave her nothing as her father did.

(2) I leave nothing to Sylvia in my Will. I do not want to leave Sylvia Schmidt anything in my will.

Sylvia lied to everyone, Sylvia only wants money.

I did not want to sell my home,

I never would agree to Sylvia as my conservator or guardian.

Sylvia has never been a loving or caring child. Sylvia left home 1982.

Sylvia and I never had a close or good relationship.

Sylvia hated father and did not speak to him for over 35 years.

I took Sylvia off my trust for the home and bank accounts because I don't trust her.

Robert is my only child that helps me and cares for me.

Sylvia knows I would choose

Robert as conservator not her so she lied about him. Robert moved

December 1999, I asked him to leave when he got married.

Robert continued contact after moving out. See canceled checks and letters.

I did not tell probate investigators why Robert left. Robert called me on holidays. Robert did not steal from me. Robert does not owe me any money. I did not disown or wish stop my relationship with Robert.

Sylvia lied to the court about everything to stop Robert from helping me. Sylvia stole all my belongings, sold my house and lied to Doctors about my condition.

Sylvia did not inform me or the court that Robert had been to my apartment in August and September 2007 to help. Robert worked for free Sylvia charged me for it. Robert contacted Sylvia in Feb. 2009 about me but Sylvia lied to him. Robert worked with Sylvia at my home for 3 months until he found out Sylvia lied to the court about him.

Michelle Bourret Probate Investigator did not understand me.

4. She did not ask questions about what Sylvia did to me or or did she care. Michelle would not accept that English is not my first language. My accent and choice of words confused her. My jewelry Sylvia stole is not "in the walls" but behind panels in a walk in closet. See the police report filed in 2006.

Report states "I do not trust Sylvia or Gary Schmidt" I do not want Sylvia or Gary Schmidt to have power of attorney.

Regency (PARK) Park Oak Knoll records should be checked, the sign in book for visitors will show Sylvia does not visit me as she states. So they did not tell the probate investigator the truth.

My personal mail is forwarded to Sylvia's home. Sylvia has a key to my private room so I don't feel safe (safe). Sylvia steals documents and things from my room during meal time when I am away.

Sylvia tells my doctors I have paranoia and delusions to hide what she did to me. Any paranoia is from the terrible things Sylvia and Gary did to me. The stealing, lies, mental, isolation and pain.

I'm not crazy, please listen to Robert and witnesses that know me

Sylvia and Gary only want my money. I have worked over 50 years to earn.

Sylvia is a liar, a thief and evil.

What kind of child charges her mother \$40 an hour to visit her?

Sylvia has mental problems and and is a sick person.

She's jealous of Robert and only interested in my money.
